“ I wish I could have met Hoppy. I just watched him on Beyond Oak Island and was so impressed. I have friends in Stephenville and while watching the show, thought that I'd look him up when there. I would have listened to his stories for hours. So sorry for your tremendous loss.

“ So sorry and shocked to hear of Hoppy's passing. He was one of a kind. In all my 20 years of waiting on him at Highway 6 cafe in De Leon, he never ate a bite, only drank coffee. I loved listening to his stories. I have an autographed pic of him and the gang from Oak Island. He was so proud. I will miss him. I even painted a horned cow skull that he loved My deepest sympathy.
