“ I was so sorry to discover that my lovely Aunt Betty Lou had passed away. I only discovered this today. She was my father Quinton sister. She stayed in touch with me over the years and was instrumental in helping me find him when he was a "missing person". I had not seen her since I was a small child. She loved hearing about my life and my children and my grandchildren, and the pictures i shared with her.. The last I spoke with her was shortly before she passed away., she was having trouble remembering me. She was a beautiful kind person with a pure heart and every bit a Lady! I will always remember her and her love for her family.

“ What a sweet lady Betty was. My Mom always thought the world of Betty, knowing that she could count on her to get the job done when they worked together at the nursing home. I will remember her for her smile and willingness to help others. Rest In peace Betty❤️

My sweet, sweet Aunt Betty. Loved you so much and will miss you terribly. All of your stories, your voice, your singing, your gentleness, your laugh...I'm so glad I got to see you before you passed. Telling you how much I loved you was all I wanted to do. Then you started talking and my heart was full. Heaven is a little brighter with you in it. ❤️
