“ I remember listening to stories Danny would share about our Rightmer family. I remember jam sessions at Nanaw and Papaw's house, Uncle Cal and Aunt Wyvonne's house and Mom and Dad's house in Burlason. Danny always sang, played drums and spoons. Always a smile on his face, and an interesting story to tell. He helped me start a stamp collection. He was a sweet man. Jesus take him away.

I just learned of the death of Dan. I have known him for years. He and his mother would stop by our antique shop in Walnut Springs. We shared stories of the history of this area and tall tales of our family histories. Haven't seen him for a while and was thinking about him today and thought I better check and was shocked to find his obituary. I will miss his jokes and stories. So long old friend!!!
