They lived in seven states and overseas. She was always ready to start over and make a new home wherever Wendell was called to duty. Her love of traveling during the service and afterward took her from Alaska to the Amazon, with RV trips all over the US. The love of music and piano were a great part of her life. Playing Bridge and teaching others were always enjoyed while in the Rio Grande Valley with her winter Texan friends.

In lieu of flowers the family ask donations be made to the Tennis Shoes for Hico Program at The Methodist Church in Hico.
