“ *I am so sorry for all the "rough roads" Kelly has endured with his health lately. To his family, I am so sorry for your loss. I always admired him, that as a band director, he could take on different people personalities with different musical instruments and make wonderful sounds of music for all to enjoy. He was a man of much patience. He is now free to help the angels with their heavenly tunes.*

“ After learning of all your accomplishments and the many people you touched with your generous and loving heart. I am so proud to be your cousin. I was so in awe of your courage and ability to forge ahead in adversity. Your sense of humor was pure delight. Your life is to be envied...full of love,life and laughter. A gifted musician (carrying on tradition) and teacher. So glad we had the phone calls the last year...wished you could have made it to our future Louisiana crawfish boil. You will be forever in our hearts. Love to you... Iris and Don (Fitzgerald).
