“ Hello

I'm from Laredo. I was going through a sad and period of mixed emotions time. I went in to the Methodist church on Guadalupe st and met Richard. He gave me the advice I so needed to move on. I went back months later and was told that he moved away. He shared things about his live with me as well. I've shared my brief encounter with a few people with some saying that I came across an Angel. I do believe. I have his picture in my photo ph library and often look at it. Angie Speer Dimas
