“ Shirley “June” McCasland Perrin was not only my older sister; she was my example and idol. We were 8-1/2 years apart in age and I was only 11 years old when she and Bobby Perrin were married. We shared the same bedroom and when she would come in from dates with Bobby. Her feet would always be like ice! And she would gently put them over on my warm feet! At first I would move my feet away, but then I realized it was one way I could show her my love and help us to overcome our age differences. I loved to play in her skirts and twirl around in them; and even when she acted like she didn't want me to do that; I could tell that she didn't really mind! No one could ever have a sister as sweet as mine! — Rita McCasland Speyer
